

## Sonny Orza

This bakery is my family. Since 1908, the Orza's have taken great time and care in bringing the Greater New York area businesses and people some of the best artisan breads, cakes and pastries you can find; which is why the Sonny Orza Bread Factory is one of New York's oldest family bakeries. It's also the reason Derek Jeter made sure that the only bread served to the NY Yankee family in the clubhouse at Yankee Stadium, comes from my family. For any event, any special day or just everyday, we deliver amazing taste, quality and service.
